Concluding Remarks

The Meeting is Over...

On behalf of the Beam Instrumentation Workshop Program Committee,
I want to **thank you for participating at BIW08!**

**It has been a quite intense and exciting
time for us and I hope that it has been the
same for you!**

**Fernando Sannibale, Chair (LBNL)
Walter Barry, Co-chair (LBNL)
John D. Gilpatrick (LANL)
Robert Hettel (SLAC)
Ken Jacobs (SRC)
Kevin Jordan (JLAB)
Ralph Pasquinelli (FNAL)
Thomas Russo (BNL)
Hermann Schmickler (CERN)
Thomas Shea (ORNL)
Om Singh (BNL)
Steve Smith (SLAC)
Robert Webber (FNAL)
Jim Zagel (FNAL)**

Important: please remember to fill your evaluation form!

New in BIW08

- **BIW08 offered partial financial support to graduate and undergraduate students attending the workshop.**
- **The proceedings of BIW08 will be published also in the Joint Accelerator Conferences Website (JACoW) database in addition to the hardcover book version.**

With these new initiatives, the BIW Program Committee hopes to boost interest in the field of beam diagnostics to the next generation of engineers and physicists, and by publishing the proceedings online, facilitate a free and wider diffusion of the workshop publications.

This is of particular importance in this delicate period where, despite the richness of ideas and the possibilities for exciting scientific results, accelerator-based research in the U.S. in particular but also in other parts of the world is struggling to obtain sufficient funding for current and future projects.

BIW08 Sponsors

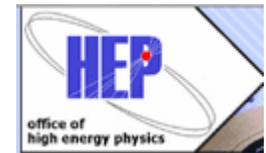

The organization of BIW08 has been made possible thanks to the generous support of:

AFRD
ACCELERATOR & FUSION
RESEARCH DIVISION

ALS
ADVANCED
LIGHT SOURCE

ENGINEERING DIVISION
ENGINEERING — ADVANCING SCIENCE BY DESIGN

- the **Accelerator and Fusion Research (AFRD)**, the **Advanced Light Source (ALS)**, and the **Engineering Divisions of Lawrence Berkeley National Laboratory**;
- the **Office of High Energy Physics (HEP)** of the **U.S. Department of Energy**;
- and by **GMW** our corporate Sponsor.
